

SPROCKETS

The sprockets **ALPHAbelt S3125** are made of the plastic material AC, a material with satisfying resistance in friction.

They are produced with 10 & 20 teeth, in white color, and are installed in square shaft 40 X 40 mm.

Z	D	A	B
10	40	75	23
20	40	150	23
